

PennDOT Manuals Now Available Online As Part of Move to Paperless Publications

In an effort to “Go Green” and save money, PennDOT has discontinued printing paper copies of several of its larger manuals. The manuals can all be found on PennDOT’s website www.PennDOT.gov under the “Forms and Publications” link on the top right.

The department anticipates saving more than a half a million dollars annually by not printing and storing large quantities of these publications. In addition to the positive environmental impact of saving paper, the move to paperless publications will also enable PennDOT to direct more dollars to maintain roads, bridges and multimodal connections. The following manuals can now be accessed on line:

- **PA Driver's Manual – PUB 95 (Spanish PUB 95 S)**
- **Motorcycle Operator's Manual – PUB 147**
- **PA CDL Driver's Manual – PUB 223 (Spanish PUB 265)**
- **School Bus Driver's Manual – PUB 117**
- **PA CDL Hazardous Materials Endorsement Renewal Manual – PUB 288**
- **PA Vehicle Equipment and Inspection Regulations – PUB 45**
